After four years we can see where Martin researchers need help. We are now confining the research to the following states: Ala., Ark., Fla., Ga., Ks., Ky., Ia., Ill., Ind., La., Miss., Md., Mo., Neb., NC, Oh, Ok, Pa., SC, Tn., Tx., Va. and W. Va.

We will still accept lineages from other states, but our resources to help will be limited.

Each subscriber's lineage is checked against the files which are now cross indexed. Anyone researching your line is matched up and pertinent data forwarded to you or published in the quarterly. If you have hit a dead end in your search we are publishing records from the counties your ancestors probably migrated from or the county where you have stopped.

I have been answering queries through the mail and they will be reflected in future issues. This is being done to save space in the quarterly for records.
